Pearson. Paperback. Book Condition: New. Paperback. 656 pages. Dimensions: 9.3in. x 7.1in. x 1.3in. For gender-focused courses in Psychology, Sociology, Womens Studies, and Gender Studies. Unlike other gender texts, Psychology of Gender focuses equally on both men and women, drawing from empirical research and conceptual discussions. The book includes research and discussions surrounding gender in the areas of psychology, sociology, anthropology, medicine, and public health. It reviews the research from multiple perspectives, but emphasizes the implications of social roles, status, and gender-related traits, particularly for relationships and health areas that are central to students lives and that have a great impact on their day-to-day functioning. The text is designed for upper-level undergraduate graduate-level gender-focused courses in a variety of departments. Learning Goals Upon completing this book, readers should be able to: Understand the implications of gender for two broad domains of research: relationships and health Distinguish the similarities and differences between men and women and the theories that explain any observed differences Note: MySearchLab does not come automatically packaged with this text.
