These vibrations move in accordance with thought and beliefs and reach sub-human to celestial frequencies. William G Baker, a renowned explorer and author of higher awareness in consciousness, makes undeniable truths easily understandable using formulas and examples that raises vibratory frequencies to levels above the physical plane, where all physical laws become subservient to this higher vibration. Desires, health, past events, and understanding are either instantly or rapidly experienced. The raw materials to create our bodies can be metaphorically purchased at a hardware store. But what can t be purchased is the real you- the consciousness and mind that together make your body function. The real you and your body are separate entities. The body is physical; that is, a body condemns us to the laws of nature and physics. But if it is comprehended that we are our consciousness, mind, intelligent information, and energy; not our bodies, then we are able to live our lives in higher laws of vibrations. By having ourselves in these higher laws of vibrations, the physical world s lower laws of vibrations become secondary. It is in this way that all desires can be instantly fulfilled, that past events can be changed, that health can be renewed, that one can experience any aspect of life, and that one can cross through the thin veil of death and see life the same there as here. It is not forbidden. From Yellow Bonnet publishing, William G Baker has published the ultimate, world-renowned, self-help book.
