Brand New Book ***** Print on Demand *****.Excerpt from Harmonic Analysis: A Course in the Analysis of the Chords and of the Non-Harmonic Tones to Be Found in Music, Classic and Modern This book is designed, primarily, for those who have studied Harmony and would apply it in their every-day musical life, - in other words, in their playing and in their teaching. It is planned - although no premium is hereby placed on superficiality - as much for those people who have made poor work of their harmony, so far as turning out a good-sounding product is concerned, as for those to whom the difficulties were as naught. Furthermore, it is planned for him who, living in some place inaccessible to the best performances, would fain review what he has learned, - if possible, in a manner other than that of laboriously writing exercises, - would broaden his musical horizon and thus increase the gift Heaven has given him, and appease, in a measure, that hunger for chords and for things harmonic which characterizes so strongly this present day. By not a few...
